COMPANY OVERVIEW

Kenyeri Engineering & Manufacturing is a woman owned small business in Downers Grove, Illinois offering automation and workholding. We provide our **US-made Custom Grip Force Chuck™** for machining air turbine blades at high speed with precise finish, eliminating grinding. Our team blends engineering expertise with customer focus, listening to your plant's concerns and objectives. We start with the Part. We also proudly offer Seoam workholding products for many machining applications and design **custom fixturing systems**.

For more information about our services or federal contracting abilities, please reach out at your convenience.

CORE COMPETENCIES

- Engineering Solutions
- 3D Design & Manufacturing
- Work Holding
- Constant Grip Force Chuck™
- Fixturing System Design & Fabrication
- Controls / Electrical Panel Construction

DIFFERENTIATORS

- "Start With The Part"
- Extensive Industry Knowledge
- Assess Production Needs
- Excellent Customer Service
- Unique Chuck Design

PAST PERFORMANCE

- GE Aviation
- ACME Industries
- Doosan / DN Solutions
- Hwacheon Machinery Company
