COMPANY OVERVIEW

Kenyeri Engineering & Manufacturing is a woman owned small business based out of Downers Grove, Illinois offering automation and workholding. We provide **machined parts and total workholding solutions**, taking a workholding application from chuck specification through design and fabrication of jaws, locators, plates, drawbars and more. Our team blends engineering expertise with customer focus, listening to your plant's concerns and objectives. We start with the Part. We proudly offer **Seoam workholding products** for many machining applications and also design custom solutions.

For more information about our services or federal contracting abilities, please reach out at your convenience.

CORE COMPETENCIES

- Engineering Solutions
- 3D Design & Manufacturing
- Chucks & Hydraulic Cylinders
- Custom Fittings
- Contract Machining
- Controls / Electrical Panel Construction

DIFFERENTIATORS

- "Start With The Part"
- Extensive Industry Knowledge
- Problem Solving Methods
- Assess Production Needs
- Excellent Customer Service

PAST PERFORMANCE

- GE Aviation
- ACME Industries
- Doosan / DN Solutions
- Hwacheon Machinery
